WEB DEVELOPER

I'm a Web Developer with experience working in HTML, CSS, JavaScript, and the MERN Stack (MongoDB, Express, React, and Node.js). As a former Teacher and Psychology major, I'm skilled at breaking down complex ideas into manageable components and leveraging my knowledge to help individuals and companies succeed. I'm always eager to learn new technologies and I look forward to helping an organization grow and build amazing products.

TECHNICAL SKILLS

Front-End: JavaScript (ES6), HTML5, CSS3, jQuery, Bootstrap, React, Redux
Back-End: Node.js, Express, Ruby, Rails
Methodologies: MVC, OOP, REST, Agile
Version Control: Git, GitHub

Databases: MongoDB, Mongoose, SQL, PostgreSQL, Active Record
APIs: Socket.io, IBM Watson Natural Language Understanding, Google Maps, Google Places, Twitter, OpenWeatherMap, RESTCountries

INDUSTRY EXPERIENCE

WEB DEVELOPMENT STUDENT, GENERAL ASSEMBLY, Santa Monica, CA (1/2018 – 4/2018)
- Designed, developed, and deployed full-stack web applications using various technologies, including JavaScript, React, Node.js, Express, MongoDB, Ruby on Rails, PostgreSQL, HTML5, and CSS3.

   PROJECTS:
   - **GLOBALink:** I built a Single Page App using Node.js, Express, React, Redux, and MongoDB. The app lets users learn about cities around the world by generating a random world city and displaying relevant information about that city. The app fetches data from multiple APIs, including Twitter, Google Maps, OpenWeatherMap, and RESTCountries, and integrates Socket.io to allow users to chat in real time.
   - **Etch App***: I worked with three other developers to create a Node.js app using HTML, CSS, JavaScript, Express, and MongoDB. The app integrates IBM Watson's Natural Language Understanding API to analyze the emotions in text, helping users to better understand the emotions conveyed through their language.
   - **HikeLA App***: I built a Ruby on Rails app using PostgreSQL and Bootstrap, which allows users to browse, post, and review hikes in the LA area.
   - **Connect 4 Game:** I built a two-player Connect 4-style game using HTML, CSS, JavaScript, and JQuery.

WORK EXPERIENCE

TEACHER, LES ENFANTS PRESCHOOL, Santa Monica, CA (2/2017 – 1/2018)
- Developed and implemented lesson plans to foster the physical, social, and emotional development of 2 and 3 year olds.

TEACHER, EARLY YEARS PRESCHOOL, Arlington, VA (5/2014 – 08/2016)
- Developed and implemented lesson plans to foster the physical, social, and emotional development of 3-4 year olds and provided support, guidance, and feedback to my Assistant Teacher as necessary.

STAFF RECRUITER, THE BULLER GROUP, LLC, Reston, VA (2/2013 – 5/2014)
- Responsible for sourcing and recruiting technical candidates and conducting hiring events with clients.

TALENT ACQUISITION MANAGER, PCN STRATEGIES, Washington, D.C. (8/2012 – 02/2013)
- Responsible for full life cycle recruiting of technical candidates for positions with various clients.

EDUCATION

GENERAL ASSEMBLY / Web Development Immersive / *Santa Monica, CA* (01/2018 – 04/2018)

STANFORD UNIVERSITY / B.A. in Psychology / *Stanford, CA* (09/2008 – 06/2012)
- 3.6 GPA, Member of the Varsity Women's Lacrosse Team, 2008 – 2012
- Three-time MPSF Women's Lacrosse All-Academic Selection, 2010 - 2012
